

Hobby Circles

Claire Farmer and Jay Solomon

Description

- HobbyCircles connects like minded individuals who struggle to find well-suited hobby groups on a centralized online platform. The system allows for hobby groups to advertise their events and for individuals to RSVP and comment on group pages.

Main Functionalities – Users

- Users can create an account and profile
- Users can browse through groups using a filter function
- Users can RSVP to events created by groups
- Users can leave comments on group pages to ask questions
- Users can view a private calendar of events that displays all events they have RSVP'd to (past and future)

Main Functionalities – Groups

- Groups can create accounts/profiles
- Groups can publish events that users can RSVP to
- Groups can create and reply to comments
- Groups can view a calendar of events for the group
